

REMARKS

Careful consideration has been given to the Official Action of April 28, 2009 and reconsideration of the application as now presented is requested.

To overcome the Examiner's objection to the Specification, the Abstract has been amended to remove all references to the drawing elements, i.e. "R" and "t" in line 6.

The Examiner's indication that claims 7 and 8 contain allowable subject matter has been noted with appreciation. Accordingly, claims 1-6 and 9 have been canceled, and claim 7 has been amended to incorporate the changes suggested by the Examiner.

In view of the foregoing amendments and remarks, it is respectfully submitted that the application is in condition for allowance and early notice thereof is earnestly solicited.

Respectfully Submitted
